

Abanoub Eid Yakoub Khalil

WordPress & Webflow Developer

Cairo, Egypt | +201030001799 | abanoubedd@gmail.com | [LinkedIn](#) | [GitHub](#) | akstudio.me

CAREER SUMMARY

With 5 years of experience in web development specializing in WordPress and Webflow, I combine front-end expertise and UX-focused thinking to deliver clean, high-performing web solutions. I have engineered and optimized custom themes, integrated advanced CMS structures, and collaborated with cross-functional teams to build dynamic websites across diverse industries. My goal is to develop scalable, responsive platforms that meet business objectives and enhance user experience.

WORK EXPERIENCE

Senior WordPress & Webflow Developer Fulltime | **InVitro Capital** 10-2024 to Present

InVitro Capital oversees multiple in-house ventures including AllCare.ai, AllRx.ai, LA Electricians, and Osta. I am responsible for developing, maintaining, and optimizing their websites built on both WordPress and Webflow.

Projects: [[InVitrocapital.com](#) | [AllCare.ai](#) | [AllRx.ai](#) | [Electricians-la.com](#) | [Curenta.com](#)]

Projects process:

- Engineered responsive websites using WordPress and Webflow, ensuring scalability and performance.
- Integrated custom features, CMS structures, and reusable Webflow components across all brands.
- Collaborated with internal design and marketing teams to align website architecture with brand goals.
- Optimized SEO performance and enhanced user experiences for multi-brand platforms.
- Provided continuous maintenance, testing, and performance monitoring for all live websites.

Webflow Developer Part-time job | **Meezy** [[Meezy.eu](#)] 07-2024 to 04-2025

Projects process:

- Restructured the company website by replacing an outdated template with a modern Webflow architecture.
- Engineered reusable components and optimized CMS collections to streamline content updates.
- Enhanced site performance, reducing load times and improving Core Web Vitals.
- Collaborated closely with marketing and design teams to align new page designs with brand vision.
- Standardized design systems to ensure visual consistency and ease of scalability.
